**DISCONNECTION OF NEGATIVE
ENERGY AND ACTIVATION OF THE
DIVINE POSITIVE ENERGY TO SUPPORT
AND SUSTAIN THE IMMUNE SYSTEM**

IMMUNITY: to be IMMUNE. The Latin word immunis means 'to be free from/to be exempted from'. The immune system keeps the physical body free from disease and protects against things that infiltrate the human body such as bacteria, viruses and fungi.

The physical body, when in balance, adapts to intruders and changing weather conditions/seasons. When the physical body gets triggered by pathogens or other things, a response will be activated in the immune system which will result in a stronger immune system and a greater immunity overall.

Note: Short times of exposure to cold water, preferably intermittently on both sides of the body (for example on the temples), may cause an improvement in immunity. The exposure to cold water for a short period (for example a couple of seconds) may trigger the immune system, which may result in an increase in the immune system response and therefore reinforcing the immune system in general.

DISCONNECTION OF NEGATIVE ENERGY AND ACTIVATION OF THE DIVINE POSITIVE ENERGY TO SUPPORT AND SUSTAIN THE IMMUNE SYSTEM:

If one wants to do something for the earth and/or wants to do something for themselves one can begin to disconnect this code from the negative.
